AMERICAN JOURNAL OF PSYCHIATRY

INFORMATION FOR CONTRIBUTORS

Manuscripts—The *original* manuscripts of papers read at the annual meetings of the Association should be deposited with the Secretary during the meetings, or sent to the New York office promptly afterward. Do not deposit carbon copies.

Papers read at the annual meetings become the property of the Association. Not all papers read however can be published in the *JOURNAL*, and authors wishing to publish in other vehicles will first secure from the Editor the release of their manuscripts.

Papers will not be accepted for the annual program if they have been previously read at other meetings or if they have been already published.

Papers contributed during the year (not on the annual program) should be sent to the Editor, Dr. Clarence B. Farrar, 113 St. Clair Avenue West, Toronto 5, Ontario, Canada.

Style—Manuscripts should be typewritten, double spaced, on one side of paper. They must be prepared in conformity with the general style of the American Journal of Psychiatry. Retain a carbon copy of manuscript and duplicates of tables, figures, etc., for use should the originals be lost in the mails.

Multiple Authorship—The number of names listed as authors should be kept to a minimum, others collaborating being shown in a footnote.

Illustrations—Authors will be asked to meet printer's costs of reproducing illustrative material. Copy for illustrations cannot be accepted unless properly prepared for reproduction. Wherever possible, drawings and charts should be made with India ink for photographic reproduction as zinc etchings. Photographs for halftone reproduction should be glossy prints. Illustrations should be as small as possible without sacrificing important detail. Redrawing or preparing illustrations to make them suitable for photographic reproduction will be charged to author.

Author's Corrections in Proofs—Corrections, additions or deletions made by authors are to be charged to them. These alterations are charged on a time basis at the rate of \$3.00 per hour. Proper editing of original manuscript is important to avoid the expense of correction.

Tables—Tables should be typed and on separate sheets. Tables are much more expensive to set than text material and should be used only where necessary to clarify important points. Authors will be asked to defray cost of excessive tabular material.

References—References to text should be in the form of footnotes. These footnotes should be numbered consecutively from 1 up throughout the manuscript. Additional references for collateral reading should be assembled alphabetically according to author at the end of the article. Bibliographical material should be typed in accordance with the following style:

1. Van der Veer, A. H., and Riese, H. H. Treatment of schizophrenia with insulin-shock. *Am. J. Psychiat.*, 95: 166, Sept., 1938.

Abbreviations should conform to the style used in the *Quarterly Cumulative Index Medicus*.

The American Journal of Psychiatry, formerly the American Journal of Insanity, the official organ of The American Psychiatric Association, was founded in 1844. It is published monthly, the volumes beginning with the July number.

The subscription rates are \$10.00 to the volume: Canadian subscriptions, \$10.50; foreign subscriptions, \$11.00, including postage. Rates to medical students, junior and senior internes, residents in training during their first, second, or third training year, and also to graduate students in psychology, psychiatric social work, and psychiatric nursing, \$5.00 (Canada \$5.50). Single issues \$1.25.

Copyright 1950 by The American Psychiatric Association.
Office of Publication, 1500 Greenmount Ave., Baltimore 2, Md.

Editorial communications, books for review and exchanges should be addressed to the Editor, Dr. Clarence B. Farrar, 113 St. Clair Avenue West, Toronto 5, Ontario, Canada.

Business communications, remittances and subscriptions should be addressed to The American Psychiatric Association, 1500 Greenmount Ave., Baltimore 2, Md., or to 1270 Avenue of the Americas, New York 20, N. Y.

Entered as second class matter July 31, 1911, at the postoffice at Baltimore, Maryland, under the Act of March 3, 1879. Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917. Authorized on July 3, 1918.
